

Aerospace Engineering 2001 Graduating Senior Focus Group

List of Questions

1. What has been your experience with AE advising in regard to the semester conversion?
2. How do you feel about the new semester course sequences?
3. What about the new importance of pre- and co-requisites? Are there any co-requisites that you feel would be better as prerequisites? Vice versa?
4. What is your level of satisfaction with both the range and availability of AE electives?
5. How would you characterize your informal (out of class) interactions with faculty members in AE? Have you seen any change over the past few months?
6. Thinking back to your answers on the exit survey, how would you characterize your level of training in:
 - a. Aerodynamics?
 - b. Structures?
 - c. Flight mechanics and control?
 - d. Propulsion and combustion?
 - e. Aeroelasticity and structural dynamics?
 - f. Astronautics?
 - g. Aerospace systems and design?
7. Are there any areas of your education in AE we have not mentioned on which you would like to comment?
